BLAZE YOUR TRAIL

A PATHWAY TO NEW POSSIBILITIES

UNTD Trailblazer Jessica Nelson:

Going to grad school as a working mom is challenging, but UNT Dallas makes furthering my education convenient. So I decided to pursue my master's in educational leadership degree because our school district is growing rapidly and I know there will be more opportunities as we grow.

A Pathway to Growth

"UNT Dallas is a school of diversity. A school for forward-thinkers ... for those who see more than the present. The staff and the ambiance of the campus create an environment that makes you comfortable, but you are thoroughly challenged in the classroom. It's local, it's southern, it's friendly and it's quickly changing. UNT Dallas truly speaks to our city. It's so Dallas!"

- Tyeshia Smith, Public Leadership
